Street level

Lawrence Station – Temporary Bus Loop closure until fall 2024

Timeline: Starting November 19, 2023

What we are doing and why

The TTC is making stations accessible as part of the Easier Access program. This program includes the installation of elevators, accessible doors, and updated wayfinding signage to create a barrier-free path from street level to the subway platform. Starting November 19, the bus terminal at Lawrence Station will be closed and bus service will be relocated to accommodate ongoing work to install elevators at the station.

The Easier Access improvements will include:

- Two new elevators which will connect customers from the station entrance to the bus terminal and subway levels.
- New stairs from platform to concourse level of the station.
- Accessible sliding doors at the main entrance, and barrier free doors throughout station.
- Improved wayfinding and signage throughout the station.

Service impact

- 52 Lawrence West and 952 Lawrence West Express buses will divert to Eglinton Station via Avenue Road and Eglinton Avenue West.
- 124 Sunnybrook and 162 Lawrence-Donway buses will serve an on-street stop outside of Lawrence Station at Yonge Street and Lawrence Avenue.

Additional route information

 952 Lawrence West Express buses will operate express between Lawrence Avenue West and Avenue Road and Eglinton Station, and 52 Lawrence West buses will serve all local stops on route.

952

Eglinton Ave

 124 Sunnybrook and 162 Lawrence-Donway buses will be extend to Lawrence Avenue and Avenue Road. At Avenue Road, customers can continue on their regular route, as all local stops will continue to be served.

TTC service

Access to Lawrence station and subway platforms will be maintained throughout this phase of construction.
