

Review of Past Assurance Projects (2013-2019)

Audit, Risk and Compliance

September 24, 2020

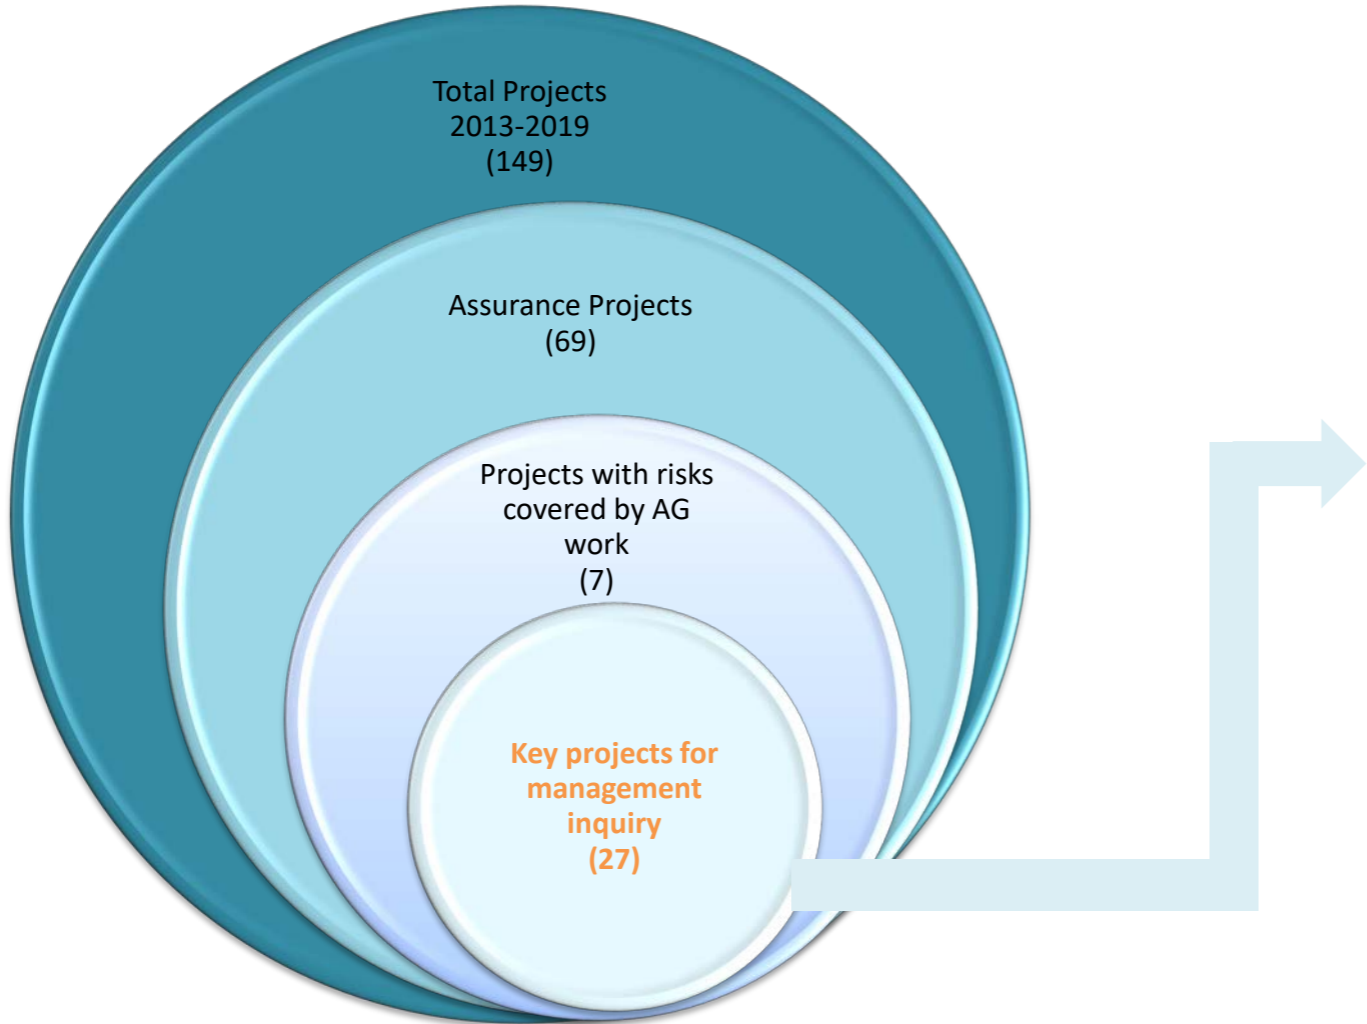

Executive Summary

- Reviewed 149 internal reports completed over the past 7 years (2013 to 2019)
- Synthesized and identified 27 key projects for management inquiry
- Identified and summarized organizational and operational risks
- Discussed status of actions taken to address risks with management
- Raised awareness of outstanding risks across business groups
- Identified potential future ARC assurance/advisory work

Overview

Review Process

Risk Mitigation Status Per ARC

Complete Minimal Moderate Significant

Past Projects by Organizational Risk

Organizational Risk	Risk Description
Asset Management	Assets are misused or wasted
Commercial Management	Contracts do not protect the TTC's interests
Customer Experience	Low customer satisfaction
Employee Safety	Workplace injury or harm to employees
Information Technology	IT hardware and software failure
Workforce Management	Poor employee performance and productivity

Employee Safety

Risk Identified (by Internal Audit)	Group	Actions Taken (Per Management)	Mitigation Status	Next Steps
 <p>Employee track level injuries (night shift track workers)</p> <p>2018</p>	<p>I&E (F. Monaco)</p>	<p>Commenced nightly track level safety audits in February 2020, conducted jointly by I&E and S&E staff</p>	<p>Moderate</p>	<p>Complete recruitment and training of up to 6 Night Safety Officers to conduct independent track level safety audits</p> <p>Q4 2020</p>
 <p>Exposure to combustible and toxic gases</p> <p>2018</p>	<p>I&E (F. Monaco)</p>	<p>Completed departmental self-audits of portable gas monitor usage and implemented corrective actions</p>	<p>Moderate</p>	<p>Conduct new self-audits within each I&E department 6~12 months after rolling out the new model of portable gas monitor</p> <p>Q3 2021</p>
 <p>Work performed by unlicensed tradespeople</p> <p>2017</p>	<p>People (G. Piemontese)</p>	<p>HR is reviewing the current process. Each maintenance group currently verifies staff qualifications and respond to legislative changes</p>	<p>Minimal</p>	<p>Establish a centralized plan (led by HR - Talent Management) to monitor skilled trades after assessment of current practices across the relevant departments</p> <p>Q1 2021</p>
 <p>Workplace safety and security exposure (night clerks)</p> <p>2019</p>	<p>Operations (J. Ross)</p>	<p>Improved security measures at one division (exterior main entrances generally unlocked, clerical and management work spaces generally locked)</p>	<p>Minimal</p>	<p>Completion of a full security assessment of all Bus Divisions by the Corporate Security Manager and to provide recommendations to management</p> <p>Q3 2020</p>

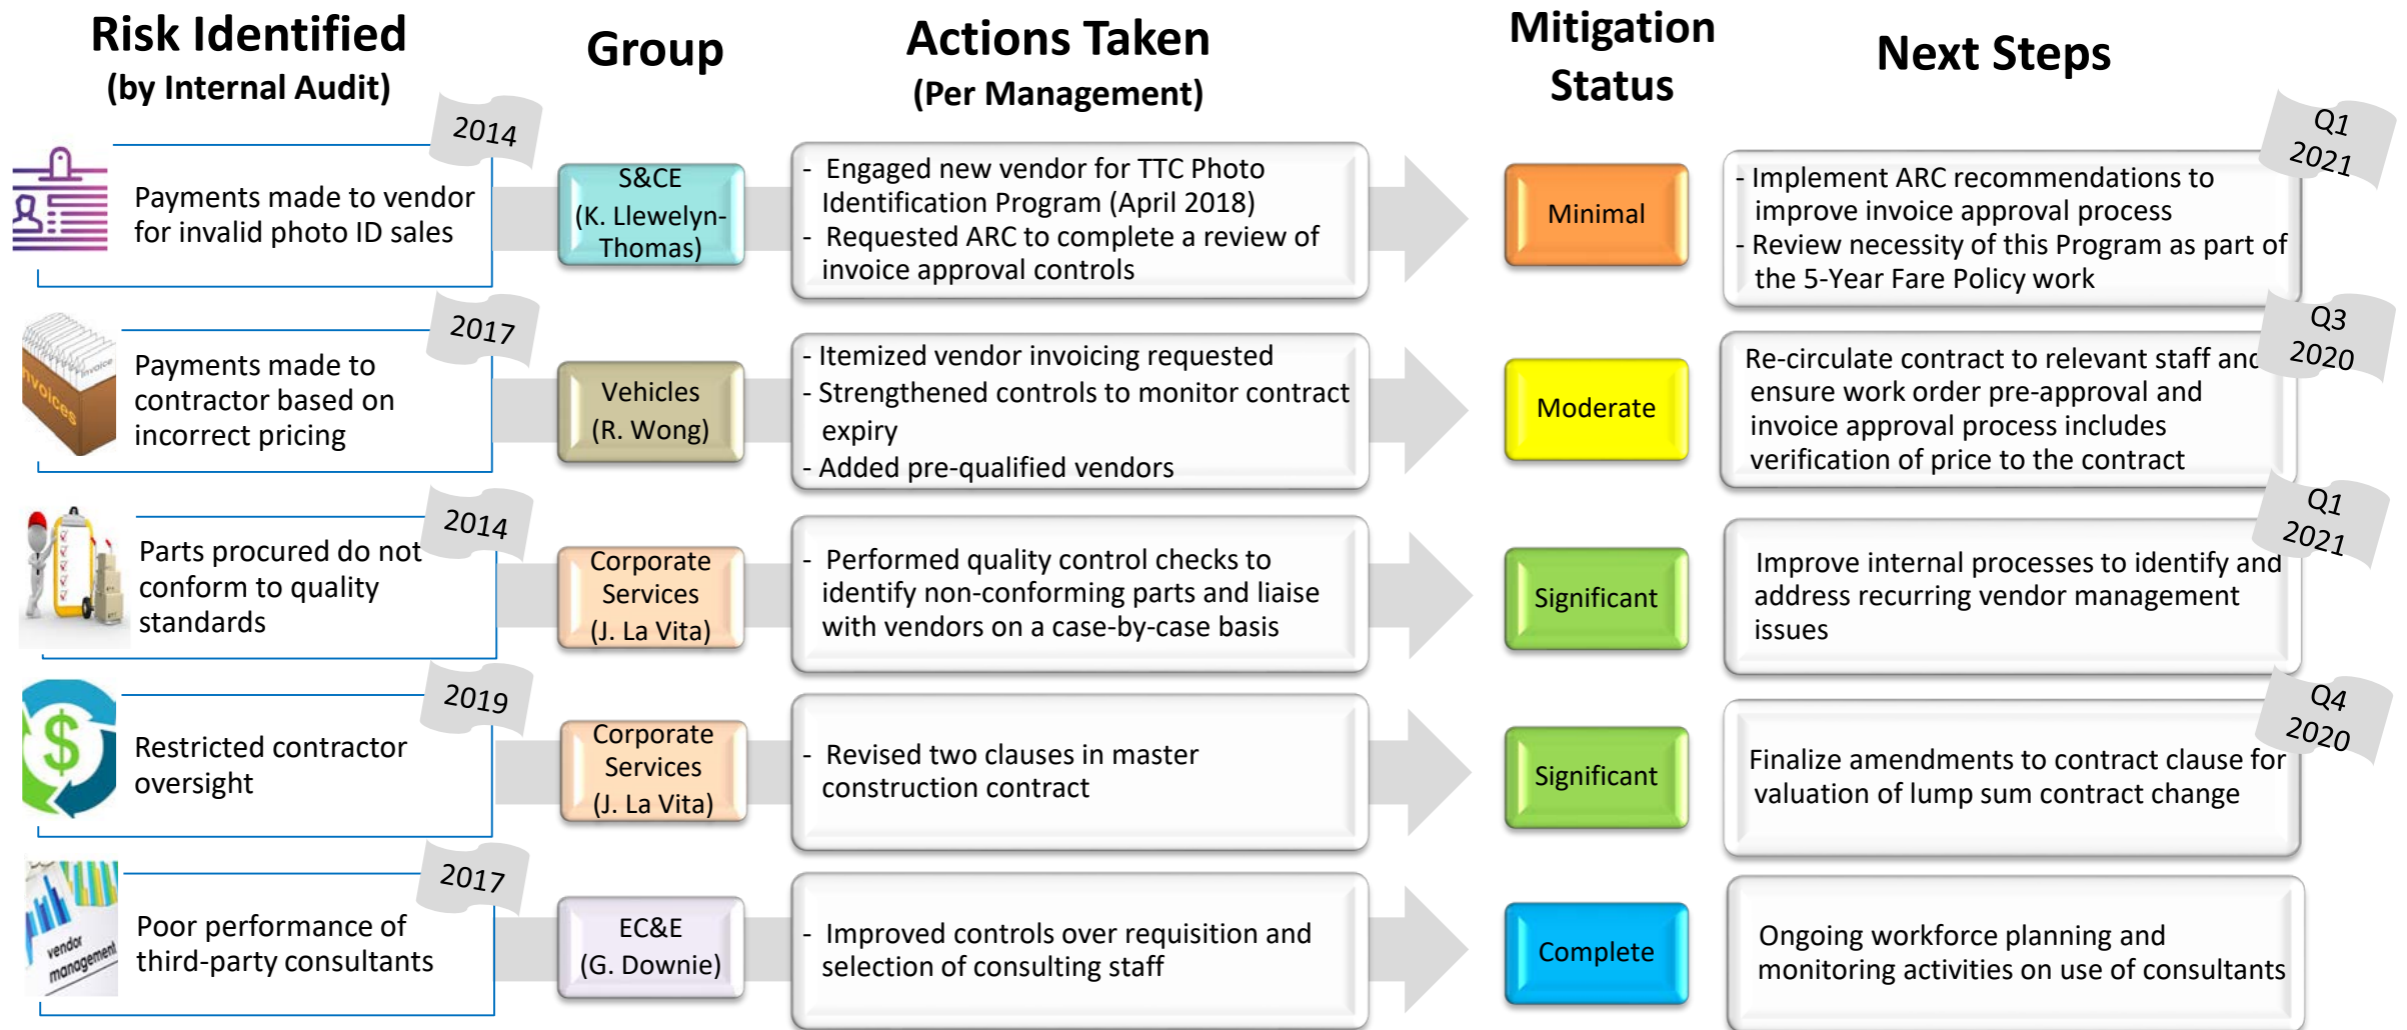

Asset Management

Risk Identified (by Internal Audit)	Group	Actions Taken (Per Management)	Mitigation Status	Next Steps
 <p>Failure to optimize the use of maintenance window</p> <p>2018</p>	I&E (F. Monaco)	<ul style="list-style-type: none"> - Initiated discussions with consultants to review track level work planning processes - Limited ongoing development of STARS 	Moderate	<ul style="list-style-type: none"> - Issue RFP to one of the consultants already on I&E's retainer - Focus future releases of STARS on Requestor functionalities <p>Q4 2020</p>
 <p>Degradation of critical infrastructure – Escalators</p> <p>2017</p>	I&E (F. Monaco)	<ul style="list-style-type: none"> - Updated Escalators Asset Management Plan - Issued new RFP for Escalator Replacement work in Summer 2020 	Moderate	<ul style="list-style-type: none"> - Complete review of vendor submissions - Determine feasibility of outsource model with reduced vendor work scope - Submit Project Change Requests <p>Q3 2020</p>
 <p>Inappropriate procurement and loss/misuse/theft of tools</p> <p>2016</p>	Corporate Services (J. La Vita)	<ul style="list-style-type: none"> - Implemented new procedures (e.g., access controls to safeguard tools, distribution of monthly reports to department heads to monitor expenditures, and reviewing opportunities to obtain discounts) 	Moderate	<ul style="list-style-type: none"> - Identify repetitive ordering and questionable expenditures to department Heads monthly for action - Analyze spending patterns by cost centre <p>Q1 2021</p>
 <p>Loss/misuse/theft of scrap metals</p> <p>2017</p>	Corporate Services (J. La Vita)	<ul style="list-style-type: none"> - Scrap metals received from Operations securely stored by Materials Management - Process exists to verify the weight of metals being sold, but has not been in place since the Hillcrest scale broke mid 2019 	Moderate	<ul style="list-style-type: none"> - Replace and install new weigh scale at the Consolidated Warehouse (Sheppard facility) <p>Q4 2020</p>
 <p>Degradation of critical assets – T1 HVAC System</p> <p>2017</p>	Vehicles (R. Wong)	<ul style="list-style-type: none"> - Completed T1 HVAC system overhaul - Developed annual and seasonal preventative maintenance programs 	Complete	<ul style="list-style-type: none"> - N/A – “Hot car” incidents fell significantly since 2016; Risk mitigation deemed sufficient

Commercial Management

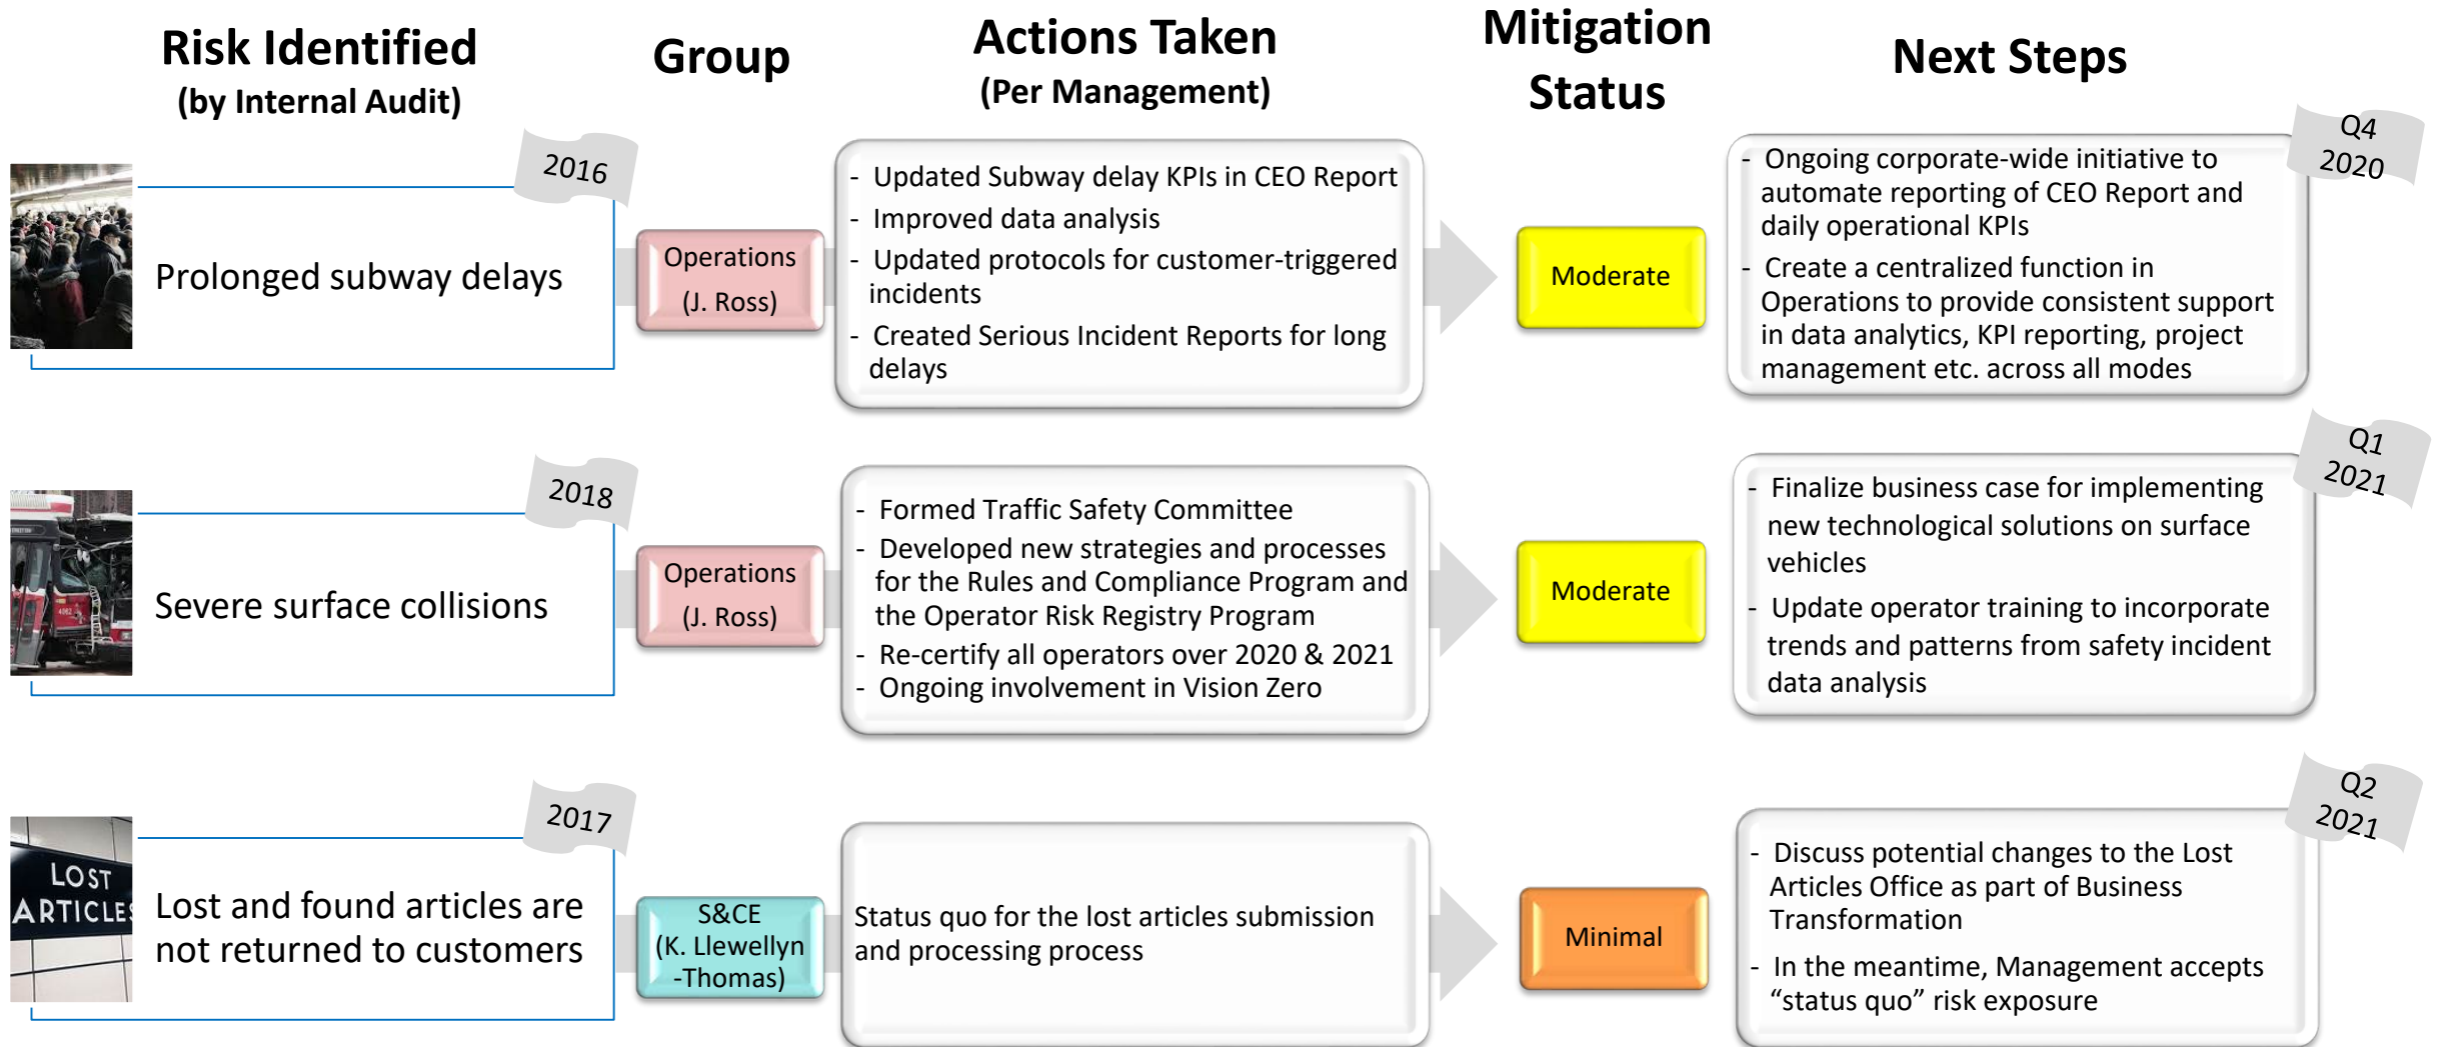

Commercial Management

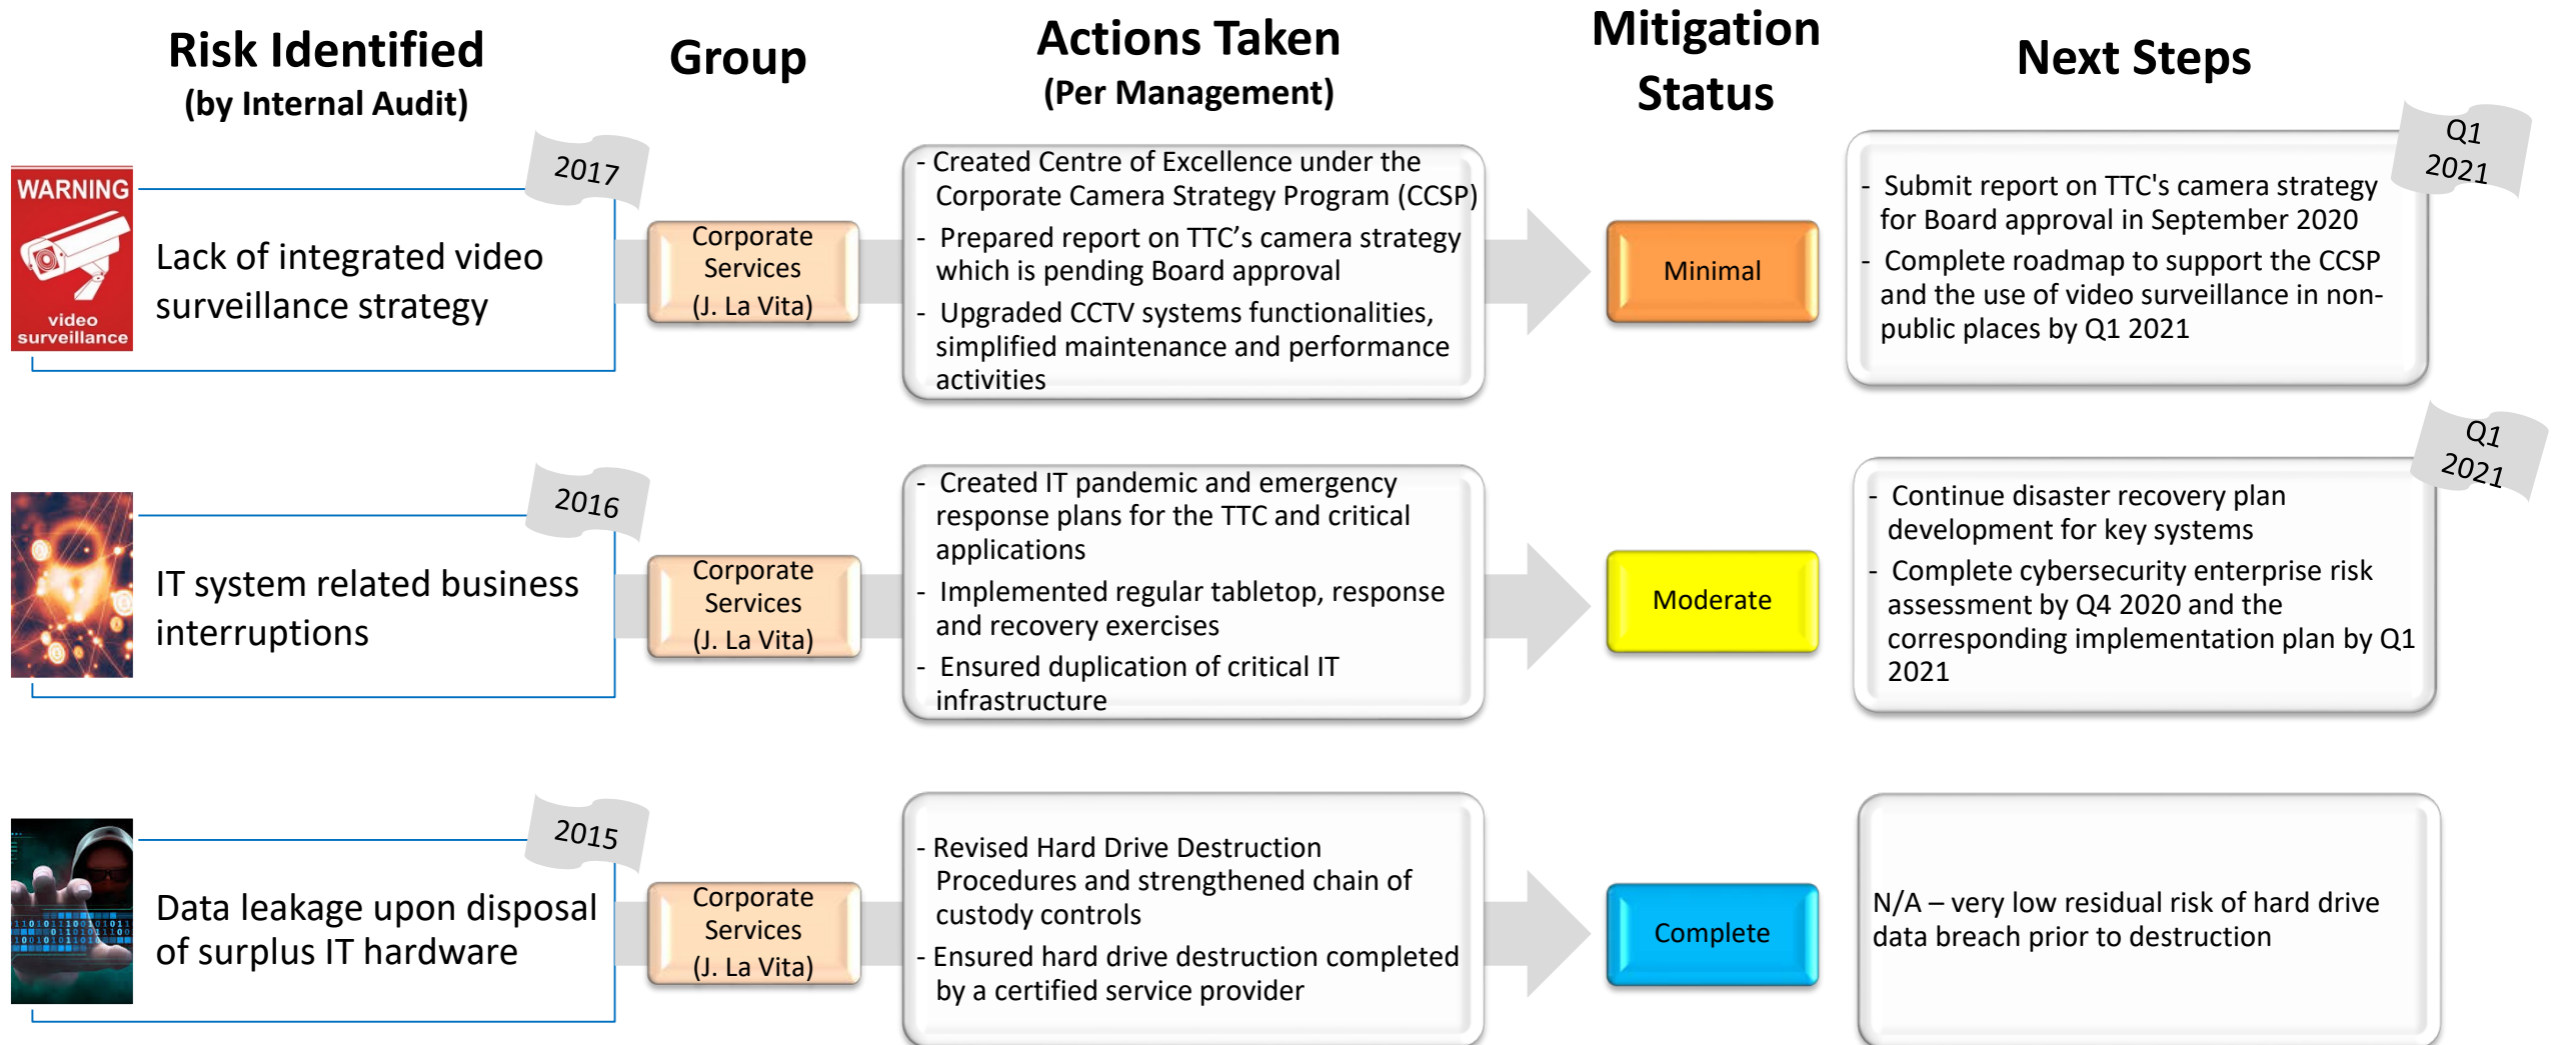

Risk Identified (by Internal Audit)	Group	Actions Taken (Per Management)	Mitigation Status	Ongoing Work
 Invoice errors or fraud 2016	I&E (F. Monaco)	<ul style="list-style-type: none"> - Plant Maintenance has processes to ensure that appropriate individuals review and approve contract/invoices 	Complete	<ul style="list-style-type: none"> - Consider automating 3-way matching in future SAP system upgrades - Develop and provide mandatory and formal fraud awareness training to relevant staff
 Vendor is not compliant with contract terms 2018	I&E (F. Monaco)	<ul style="list-style-type: none"> - Developed SI Terms of Reference, site-visit schedule, inventory of sensors and monitors etc. - Required vendor to provide additional support for invoiced costs 	Complete	N/A – Risk mitigation deemed sufficient
 Over reliance on external contractors 2017	Corporate Services (J. La Vita)	<ul style="list-style-type: none"> - Reduced hiring of contract staff - Enhanced workforce planning - Increased monitoring of consulting staff costs and purchase order duration 	Complete	Ongoing efforts to reduce reliance on consultant staff under new GTA consultant sourcing model
 Payments made for invalid off-site storage 2013	Corporate Services (J. La Vita)	<ul style="list-style-type: none"> - Improved invoice review and approval process - Visited off-site inventory storage location to better understand inventory movement processes and controls 	Complete	Ongoing continuous control and process improvements
