Presentation: TTC Cybersecurity Program Update

Date: June 1, 2023
To: TTC Audit and Risk Management Committee
From: Chief Financial Officer

Reason for Confidential Information

This report contains information related to the security of the property of the municipality or local board.

Summary

Dhaksayan Shanmuganayagam, Head of Information Technology Services, will deliver a presentation to the Audit and Risk Management Committee regarding the TTC's Cybersecurity Program, which will provide an update on progress made on each of the Program's key initiatives and accomplishments achieved since the previous update to the Committee.

The TTC conducts regular cybersecurity risk assessments to identify vulnerabilities and to re-baseline its security posture to ensure the protection of TTC customers and assets. The presentation will also outline the key findings identified during the assessments and provide action plans to address these risks.

Recommendations

It is recommended that the TTC Audit and Risk Management Committee:

1. Receive the in-camera presentation, noting that it is to remain confidential in its entirety, as it contains information related to the security of the property of the municipality or local board.
2. Direct that information contained in Confidential Attachment 1 remain confidential in its entirety, as it contains information related to the security of the property of the municipality or local board.
