- 2010 Within Envelope

- 2009-2013 Within Envelope (after carry forward)

- 2009-2018 \$415M Over Envelope

 \$417 M deferral of six projects to accommodate 204 LRV's & handling of 6 projects not included

PROJECT DEFERRALS

 The following projects were deferred (beyond 2018) in order to ensure sufficient funding available for 204 LRV Order:

 Eglinton Bus Terminal Replacement 	\$34 million
 Fire Ventilation Upgrades 	55
 Station Modernization 	40
 On-Grade Paving 	25
 Collector Booth Renewal 	5
 Mid-Life Bus Rebuilds 	<u>258</u>
	\$ <u>417</u> million

 Upon confirmation of how Federal Infrastructure Stimulus Funding (ISF) as announced for City of Toronto projects (non-TTC) will be used to assist TTC Capital financing requirements, these projects will be revisited with potential reinstatement where appropriate

FUNDING CHANGES

City of Toronto

- Recommended City Debt Targets were increased to address previous funding shortfall
- Adjustments made for announcements of ISF funding (TTC) and SRT funding, \$417M additional for LRV Cars and six project deferrals
- Handling of Long Term Funding to be reviewed non-committed funding currently excluded from assumptions

Metrolinx

- Funds announced for four priority TCP lines: SRT/Shepp/Finch/Eglinton
- Only the SRT project funding impacted the base funding shortfall
- No funds announced for Don Mills, Jane, Scarb Malvern, Waterfront LRTs

LRV Cars

- 2/3 City; 1/3 Province

FUNDING CHANGES

- Federal Infrastructure Stimulus Funds (ISF)
 - Funding announced on September 11th of \$190 million on more than 500 projects for the City of Toronto
 - TTC approved funding amounted to \$61 million on 19 projects which will receive funding directly (23 submitted)
 - It was anticipated that City of Toronto project funding (\$129 million)
 would be utilized towards TTC capital funding of six deferred projects
 (to accommodate 204 LRV cars)
 - ISF program requirements and impact on funding shortfall TBD
- Gas Tax
 - Federal reduction for population change for 2010-2013

SUMMARY

- Capital Program:
 - consistent with Commission and City Council approved plans
 - priorities unchanged
 - budget envelope unchanged
- Long-term, stable & predictable capital funding is required:
 - Sufficient funding available for 2010
 - \$1.3 billion funding shortfall for base program over next 10 years
 - Support of Strategic Funding Packages will address shortfall
- Additional funds must be secured to proceed with balance of Transit City projects, Yonge North Subway Extension, Waterfront, Other

FUNDING SITUATION NOW

- Cannot expect funding shortfall to be addressed by:
 - City at limit
 - Province / Feds own funding problems
- Need to reduce City funding to affordable levels
 - ie Defer needs or place "Below the Line" as unfunded projects

FUNDING STATUS - SEPT 24/09 APPROVAL

- Needs reduced (Sept 24) \$47 million in 5 year and \$419 million in 10 year period
- Funding adjustments included additional City debt
- Resultant 10 year funding shortfall \$848 million
- TTC identified \$548 million in deferrals / Below the Line projects
- \$300 million short of City target (to be addressed by City)

ACTION TAKEN - DEFERRALS / BELOW THE LINE

• NOTE:

- All projects and associated funding are supported by staff and approved by Commission
- They allow improvement and some expansion to continue consistent with 2002 Toronto Official Plan, RGS, TCBP

• BUT:

- Not affordable, at least not now

<u>OUTCOME</u>

- 2010-2014 Capital Budget
 - Basic SOGR/Safety, Legislative, & Capacity Enhancement accepted as needed
 - Most Improvement, Expansion deferred or moved below the line
 - current standards remain;
 - further improvements deferred / below the line
- 2015-2019 Capital Budget
 - Not all SOGR/Safety, Legislative, Capacity Enhancements fully identified or funded

<u>OUTCOME</u>

- Short Term
 - \$300 M funding shortfall to be addressed by City
- Medium / Long Term
 - Next Budget Cycle identify needs and funding issues
 - Develop funding strategy and secure commitment from City, Province and Feds

IMPORTANT TO REMEMBER

- 2011-2020 Capital Budget will consider all needs, including:
 - \$417 million (6 projects) to accommodate 204 LRV's
 - Sept 24 approved amendments, i.e. balance of mid-life bus rebuild
 - These \$548 M deferrals / below the line treatment
- Plus additional needs being defined, such as:
 - BD Subway replacement of signal system (\$300M plus)
 - More TR's, Wilson Yard Expansion, more Traction Power (\$400M plus)
 - AODA (\$100M plus)
- Majority of changes in 2015-2019 period

ALSO - REMEMBER

Recent Provincial / Federal Funding Support

Province / Metrolinx:

 Subway Capacity (ATC / TR Cars) 		\$386 M
- 204 LRV's		417 M
- Spadina Subway		870 M
 Transit City Lines - EAs/ Finch/Eglin/Shepp 	\$6.4 B	
SRT Conv/Cars/Expan	\$1.4 B_	7.8 B
<u>Province Subtotal</u>		\$9.506 B

• Federal:

 Spadina Subway Extension 		\$697 M
- Transit City - Sheppard	\$0.3 B_	0.3 B
Federal Subtotal		\$1.030 B

RECOMMENDATION

Approve:

 An amended 2010-2014 Capital Program and 10 year forecast in the amount of \$6.015 billion gross as outlined in this presentation, which represents a reduction in project expenditures of \$600.7 million gross (\$548.2 million net)
