

TORONTO TRANSIT COMMISSION REPORT NO.

MEETING DATE: June 2, 2010

SUBJECT: NOVA – TTC SUBWAY PERFORMANCE COMPARISON

INFORMATION ITEM

RECOMMENDATION

It is recommended that the Commission receive this presentation for information.

BACKGROUND

The Toronto Transit Commission is a member of NOVA, an international urban rail benchmarking group for small and medium sized metros or subways. The group is owned and run by the members and managed by the Railway and Transport Strategy Centre at Imperial College London. The objectives of NOVA are to build systems of measures, share knowledge and identify best practices.

DISCUSSION

A summary of the standard performance measures for Toronto Transit Commission will be presented, compared with its international peers.
