

TORONTO TRANSIT COMMISSION REPORT NO.

MEETING DATE: February 25, 2013

SUBJECT: FEDERATION OF CANADIAN MUNICIPALITIES SUSTAINABLE
COMMUNITIES AWARD

INFORMATION ITEM

The TTC and the City of Toronto have received the Federation of Canadian Municipalities Sustainable Communities Award for its modernization of Victoria Park Station. The project included the rehabilitation and upgrading of the station which serves more than 25,000 passengers per day. The design improved connections within the station itself and to the surrounding community, making Victoria Park Station an integral part of the neighbourhood. A video highlighting the features of the station will reside on both the TTC and FCM websites.
