Dear Chair Stintz,

Re: "Putting the Customer First"

I was excited to hear that at the last meeting of the Toronto Transit Commission that a pilot program was being investigated to integrate TTC and GO fares at Bloor and Exhibition GO Stations. I strongly support this initiative and believe that it will greatly improve service for commuters and relieve pressure from burdened subway and streetcar routes.

I am asking that Danforth GO station be included in this pilot program.

Thank you,

Councillor Mary-Margaret McMahon
