July 23, 2014

Councillor Maria Augimeri
Chair, TTC Board

Dear Chair Augimeri and Members of the TTC Board,

Re: Jones Bus Service

I have been approached by residents in my ward asking for consideration to have the Jones bus better accommodate the large community at the Blake Boulton Toronto Community Housing complex.

There are many elderly community members who rely on the Jones bus to get to the Danforth. Currently, they have to walk to Jones, either on Strathcona or Boulton and their journey may start mid block on Blake Street.

A good suggestion has come forward that at various times of the day, the schedule and route of the Jones bus could be changed to pick up residents on Blake Street to accommodate residents who have mobility problems.

I would very much like the TTC to consider the feasibility of this excellent suggestion which would be of great benefit to many residents of Blake Boulton.

Your consideration is appreciated.

Sincerely,

Councillor Paula Fletcher
Ward 30 Toronto Danforth
