Chair Maria Augimeri
Toronto Transit Commission
1900 Yonge Street

Dear Chair Augimeri:

At its May 29, 2014 General Meeting, the Advisory Committee on Accessible Transit (ACAT) discussed the issue of \$240M in funding that the City of Toronto (the City) had originally earmarked for the TTC to complete the Easier Access Program.

ACAT passed a motion to support the TTC and the Board in requesting the City to provide these funds to enable the work to continue.

The motion reads that:

"ACAT undertake, along with TTC staff and Board, the effort to have the \$240M reinstated by the City."

Best regards,

Susan Davidson
