ATTN: TTC Board Members
Toronto City Hall
100 Queen Street West, Suite C53
Toronto, Ontario M5H 2N2

Dear TTC Chair Colle,

Please see the attached letters and signatures of support I have received from residents of Ward 6, voicing their approval of the proposed service improvements announced this past week.

I fully support the initiatives you are proposing to TTC Board Members regarding the "Expansion of All-Day-Every-Day Network" as well as "Improvements to Overnight Service ('Blue Night') Network."

Etobicoke-Lakeshore has evolved into one of the most popular destinations for residential development but public transit is not keeping up with the increasing needs and has long been one of Ward 6's greatest challenges. While the reinstatement and introduction of additional bus services will provide residents with much needed relief during their commutes, there is still significant progress to be made.

This is but one step in the right direction and I appreciate you presenting the board with the more than 100 expressions of support I have received from Ward 6 residents over the last two days alone.

I look forward to continuing working together to improve our public transit system.

Sincerely,

Councillor Mark Grimes
Etobicoke-Lakeshore
Ward 6
