Decision: New Business: King Street Transit Transformation

Meeting Date: January 21, 2016

The Board adopted the recommendation in the New Business Item, as follows:

1. Request the Chief Planner to do a presentation to the TTC Commission as soon as possible on the work program for the King Street Transformation Project. This presentation would include key milestones and possible transit, cycling, and place-making deliverables.

The Board also adopted a motion for the General Manager, Transportation Services to also be invited to participate in this presentation.

The item was adopted, as amended.
