Recommendation

That the Toronto Transit Commission permit Durham Region Transit access to the transit hub at Scarborough Town Centre (STC).

For the purposes of transporting passengers to and from Durham Region and the Scarborough Town Centre (STC).

Summary

The City of Pickering has expressed that it would be beneficial to implement interregional transit to allow Pickering buses to transport residents to and from the Scarborough Town Centre.

In our efforts to minimize congestion it would be valuable for both cities to allow public transit to their respective municipalities to provide residents with a choice to travel to and from the Scarborough Civic Centre and Durham. This would ease the number of vehicles on our roads and create a positive relationship with our neighbours.

Permitting Durham Region Transit access to the transit hub at Scarborough Town Centre would benefit both parties with no cost to the Toronto Transit Commission.

Sincerely,

Councillor Paul Ainslie
