Decision: New Business: Improving Bikeshare Locations at TTC Sites (submitted by Commissioner Mary Fragedakis)

At its meeting on July 10, 2018, the TTC Board adopted the following member motion:

1. The TTC should do its best to accommodate the requests of Bike Share Toronto and if it cannot for any given subway station, then the TTC should convene a meeting with Bike Share Toronto and the local ward Councillor to explore options.
2. That staff report back to the TTC Board on its bike share location siting process.
