

Notice of Motion

Implementation of a Bus Service Pilot Project – Village Green Square

Moved by: Commissioner Jim Karygiannis

Seconded by: Commissioner Brad Bradford

Summary

Metrogate, located near Kennedy and 401, is a Tridel development that features seven buildings and townhomes. In total, the development houses are approximately 2588 suites. Residents first started to move into the community in 2011.

When this development was first discussed, it was designed and agreed upon that the Sheppard Subway was to run through this community. This is why some land was set aside; to create a bus loop.

Building	Number of Suites
Solaris – 1	435
Solaris – 2	453
Ventus – 1	288
Ventus – 2	314
Avani – 1	363
Townhomes	76
Avani – 2	363 (under construction)
Selene	296 (under construction)

Recommendation

That staff report back to the June 12, 2019 TTC Board meeting on the implementation of a Bus Pilot Project at Village Green Square (Metrogate) for the duration period from Q4 2019 to Q2 2020.

Date: March 28, 2019
