

Notice of Motion – Providing Free Wi-Fi Access to TTC's Surface (Bus & Streetcar) Routes

TTC Board Decision

The TTC Board, at its meeting on July 14, 2020, adopted the following:

It is recommended that:

1. The TTC Board request that TTC staff report back to the Board in November with a plan to implement a free Wi-Fi pilot program to the surface network of busses and streetcars servicing all 31 Neighbourhood Improvement Areas and Higher Education Institutions, with an option to expand to all surface routes, if the pilot program proves successful.
2. The TTC Board request the City of Toronto Office of Recovery and Restart advocate for provincial and federal funding for accessible and affordable Wi-Fi to create resilient communities.
