

City Council Transmittal – Executive Committee Item 15.1 – Eglinton East Corridor – Priority Bus Lanes

Date: September 24, 2020
To: TTC Board
From: Director – Commission Services

Summary

Transmittal letter from the City Clerk confirming that City Council on July 28 and 29, 2020, adopted the subject item and has forwarded a copy of City Council's decision to the Toronto Transit Commission Board for consideration.

Recommendations

It is recommended that the TTC Board consider City Council's decision, as follows:

1. That the Toronto Transit Commission Board request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services to consider amendments to the proposed Bus Priority Transit Lane along Steeles Avenue West, from Yonge Street to Pioneer Village Subway Station, which would also permit High Occupancy Vehicles (2 or more passengers), cargo bikes (when approved), taxis, and cyclists as well as the accommodation of vehicle funeral processions on this route.
2. That the Toronto Transit Commission Board request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services, well in advance of considering the implementation of a dedicated bus lane or busway on Sheppard Avenue East, to:
 - a. Conduct a study that analyses and models traffic patterns, congestion, and delays on the current road network for the road or roads affected; such analysis should then be compared to the impact that a dedicated busway installation will have on the future road network;
 - b. Conduct a robust consultation with the local Councillor, with special emphasis on local communities that would be affected by a dedicated bus lane or busway on Sheppard Avenue East and with the results of such consultation to be made public; and

- c. Conduct consultations in the form of public meetings (rather than open houses) where residents have the opportunity to have an open dialogue with their neighbours.
3. That the Toronto Transit Commission Board request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services, well in advance of considering the implementation of a dedicated bus lane or busway on Lawrence Avenue East, to:
 - a. Undertake extensive study following the completion and full operation of the Eglinton Crosstown Light Rail Transit to understand any changes in transit and road use;
 - b. Consult with the local Councillors whose Wards are directly affected by any material changes in Lawrence Ave. East, prior to taking further action; and
 - c. Provide proper, sufficient and full notice to affected local communities prior to further consideration of this matter.
4. That the Toronto Transit Commission Board request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services to collect extensive community feedback for each Transit Priority Corridor, before they are fast-tracked and implemented.
5. That the Toronto Transit Commission Board request the Chief Executive Officer, Toronto Transit Commission, to release all data collected in the ongoing operation of the Eglinton East Corridor – Priority Bus Lanes as its own open dataset in the City of Toronto Open Data Portal.
6. That the Toronto Transit Commission Board request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services, to prioritize busways on streets that do not have existing Light Rail Transit or Subways above or below ground.
7. That the Toronto Transit Commission Board request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services to conduct a robust consultation with the local communities and Stakeholders that would be affected by a dedicated bus lane on Dufferin Street, and that such consultations start immediately and be taken into consideration as part of the Transit Network Implementation Study.

Executive Committee

EX15.1		Amended		Ward: All
--------	--	---------	--	-----------

Eglinton East Corridor - Priority Bus Lanes

City Council Decision

City Council on July 28 and 29, 2020, adopted the following:

1. City Council authorize the implementation of Reserved Bus Lanes on the Eglinton East corridor, in the following sections:
 - a. Eglinton Avenue East from Brimley Road to Cedar Drive;
 - b. Kingston Road from Eglinton Avenue East to Morningside Avenue; and
 - c. Morningside Avenue from Kingston Road to Ellesmere Road.
2. City Council amend Attachment 1 to the report (July 7, 2020) from the General Manager, Transportation Services by amending the references in the column headed "Side" in the table headed "No Parking, rescind the following" so that they now read as follows:

Highway	Side	Between	Prohibited Times and/or Days
Kingston Road	Both North	Lawrence Avenue East and Galloway Road	Anytime
Kingston Road	Both South	Galloway Road and Poplar Road	Anytime

3. City Council enact the amendments to traffic and parking regulations associated with Part 1 above, and as described in Attachment 1 - Amendments to Traffic and Parking Regulations to the report (July 7, 2020) from the General Manager, Transportation Services, as amended by Part 2 above.
4. City Council request the Toronto Transit Commission Board to request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services to consider amendments to the proposed Bus Priority Transit Lane along Steeles Avenue West, from Yonge Street to Pioneer Village Subway Station, which would also permit High Occupancy Vehicles (2 or more passengers), cargo bikes (when approved), taxis, and cyclists as well as the accommodation of vehicle funeral processions on this route.

5. City Council request the Toronto Transit Commission Board to request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services, well in advance of considering the implementation of a dedicated bus lane or busway on Sheppard Avenue East, to:

a. conduct a study that analyses and models traffic patterns, congestion, and delays on the current road network for the road or roads affected; such analysis should then be compared to the impact that a dedicated busway installation will have on the future road network;

b. conduct a robust consultation with the local Councillor, with special emphasis on local communities that would be affected by a dedicated bus lane or busway on Sheppard Avenue East and with the results of such consultation to be made public; and

c. conduct consultations in the form of public meetings (rather than open houses) where residents have the opportunity to have an open dialogue with their neighbours.

6. City Council request the Toronto Transit Commission Board to request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services, well in advance of considering the implementation of a dedicated bus lane or busway on Lawrence Avenue East, to:

a. undertake extensive study following the completion and full operation of the Eglinton Crosstown Light Rail Transit to understand any changes in transit and road use;

b. consult with the local Councillors whose Wards are directly affected by any material changes in Lawrence Ave East, prior taking any further action; and

c. provide proper, sufficient and full notice to affected local communities prior to further consideration of this matter.

7. City Council request the City of Toronto to work with local Scarborough agencies to identify and employ local youth from the Neighbourhood Improvement Areas to paint the required lines for the Bus Lane Implementation Plan along the Eglinton East corridor.

8. City Council request the City of Toronto Office of Recovery and Rebuild to advocate for Provincial and Federal funding to accelerate implementation of the Bus Lane Implementation Plan, in conjunction with the work being done by Toronto Transit Commission for emergency relief funding with the federal and provincial governments.

9. City Council request the Toronto Transit Commission Board to request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services to collect extensive community feedback for each Transit Priority Corridor, before they are fast-tracked and implemented.

10. City Council request the Toronto Transit Commission Board to request the Chief Executive Officer, Toronto Transit Commission, to release all data collected in the ongoing operation of the Eglinton East Corridor - Priority Bus Lanes as its own open dataset in the City of Toronto Open Data Portal.

11. City Council request the Toronto Transit Commission Board to request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager,

Transportation Services, to prioritize busways on streets that do not have existing Light Rail Transit or Subways above or below ground.

12. City Council request the Toronto Transit Commission Board to request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services to conduct a robust consultation with the local communities and Stakeholders that would be affected by a dedicated bus lane on Dufferin Street, and that such consultations start immediately and be taken into consideration as part of the Transit Network Implementation Study.

Committee Recommendations

The Executive Committee recommends that:

1. City Council authorize the implementation of Reserved Bus Lanes on the Eglinton East corridor, in the following sections:
 - a. Eglinton Avenue East from Brimley Road to Cedar Drive;
 - b. Kingston Road from Eglinton Avenue East to Morningside Avenue; and
 - c. Morningside Avenue from Kingston Road to Ellesmere Road.
2. City Council enact the amendments to traffic and parking regulations associated with Recommendation 1 above, and as described in Attachment 1 - Amendments to Traffic and Parking Regulations to the report (July 7, 2020) from the General Manager, Transportation Services.
3. City Council request the Toronto Transit Commission Board to request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services to consider amendments to the proposed Bus Priority Transit Lane along Steeles Avenue West, from Yonge Street to Pioneer Village Subway Station, which would also permit High Occupancy Vehicles (2 or more passengers), cargo bikes (when approved), taxis, and cyclists as well as the accommodation of vehicle funeral processions on this route.
4. City Council request the Toronto Transit Commission Board to request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services, well in advance of considering the implementation of a dedicated bus lane or busway on Sheppard Avenue East, to:
 - a. conduct a study that analyses and models traffic patterns, congestion, and delays on the current road network for the road or roads affected. Such analysis should then be compared to the impact that a dedicated busway installation will have on the future road network;
 - b. conduct a robust consultation with the local Councillor, with special emphasis on local communities that would be affected by a dedicated bus lane or busway on Sheppard Avenue East and with the results of such consultation to be made public; and
 - c. conduct consultations in the form of public meetings (rather than open houses) where

residents have the opportunity to have an open dialogue with their neighbours.

5. City Council request the Toronto Transit Commission Board to request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services, well in advance of considering the implementation of a dedicated bus lane or busway on Lawrence Avenue East, to:

a. undertake extensive study following the completion and full operation of the Eglinton Crosstown LRT to understand any changes in transit and road use.

b. consult with the local Councillors whose Wards are directly affected by any material changes in Lawrence Ave East, prior taking any further action.

c. provide proper, sufficient and full notice to affected local communities prior to further consideration of this matter.

6. City Council request the City of Toronto to work with local Scarborough agencies to identify and employ local youth from the Neighbourhood Improvement Areas to paint the required lines for the Bus Lane Implementation Plan along the Eglinton East corridor.

7. City Council request the City of Toronto Office of Recovery and Rebuild to advocate for provincial and federal funding to accelerate implementation of the Bus Lane Implementation Plan, in conjunction with the work being done by Toronto Transit Commission for emergency relief funding with the federal and provincial governments.

8. City Council request the Toronto Transit Commission Board to request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services to collect extensive community feedback for each Transit Priority Corridor, before they are fast-tracked and implemented.

9. City Council request the Toronto Transit Commission Board to request the Chief Executive Officer, Toronto Transit Commission, to release all data collected in the ongoing operation of the Eglinton East Corridor - Priority Bus Lanes as its own open dataset in the City of Toronto Open Data Portal.

10. City Council request the Toronto Transit Commission Board to request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services, to prioritize busways on streets that do not have existing LRT or Subways above or below ground.

11. City Council request the Toronto Transit Commission Board to request the Chief Executive Officer, Toronto Transit Commission, in consultation with the General Manager, Transportation Services to conduct a robust consultation with the local communities and Stakeholders that would be affected by a dedicated bus lane on Dufferin Street, and that such consultations start immediately and be taken into consideration as part of the Transit Network Implementation Study.

Committee Decision Advice and Other Information

The General Manager, Transportation Services gave a presentation on the Eglinton East - Priority Bus Lanes.

Origin

(July 7, 2020) Report from the General Manager, Transportation Services

Summary

The report seeks Council authority to install approximately 8.5 kilometres of priority bus lanes on Eglinton Avenue East, Kingston Road, and Morningside Avenue - along the same alignment as the proposed Eglinton East Light Rail Transit.

Work commenced in 2018 on Toronto Transit Commission's 5-Year Service Plan and 10-Year Outlook in collaboration with Transportation Services and City Planning to examine ways to provide more priority to surface transit routes throughout the City of Toronto. In December 2019, the Toronto Transit Commission Board approved the Toronto Transit Commission's 5-Year Service Plan and 10-Year Outlook (the Plan) which identified service improvements to public transit in the City of Toronto in 2020-2024 and beyond. The Plan identified five candidate corridors and the Toronto Transit Commission Board identified a sixth for consideration:

- Eglinton East corridor, Kennedy Station to University of Toronto Scarborough campus, along Eglinton Avenue East, Kingston Road, and Morningside Avenue;
- Jane Street, between Eglinton Avenue West and Steeles Avenue West;
- Dufferin Street, between Wilson Avenue and the Dufferin Gate Loop;
- Finch Avenue East, between Yonge Street and McCowan Road;
- Steeles Avenue West, between Pioneer Village Station and Yonge Street; and
- Lawrence Avenue East.

Reliable transit service plays a vital role in keeping our City moving. As Toronto starts to recover from COVID-19, and businesses reopen, motor vehicle traffic volume is likely to increase as people with access to personal vehicles seek to maintain physical distance from others on their journeys. It is anticipated that increased motor vehicle volumes will impact surface transit operations. Surface transit must remain an attractive mode of travel to support economic recovery, environmental sustainability, efficient mobility, and social vibrancy. Implementing surface transit priority measures on the subject corridors improves access and mobility for city residents by providing fast and reliable connections to the city-wide transit network of subways, other bus routes, and GO Transit stations.

Working as an integrated team, staff in Transportation Services, City Planning and the Toronto Transit Commission undertook a preliminary review of the five corridors identified in the Toronto Transit Commission's 5-Year Service Plan and 10-Year Outlook to determine implementation priority, with a focus on which could be delivered quickly to deliver benefits to transit users and transit operations. These corridors represent a subset of over 100 corridors evaluated by the integrated City/Toronto Transit Commission team to identify the most promising candidate roadway segments for prioritizing surface transit city-wide. The candidate list of roadway segments evaluated by the team was informed in part by the surface transit priority corridors established by the Council-approved Official Plan Amendment for Transportation (PH13.3). The corridors identified under Toronto Transit Commission's 5-Year Service Plan and 10-Year Outlook represent the first phase of a city-wide surface transit implementation plan emerging from the Surface Transit Network Implementation Study, expected to report in the fourth quarter, 2020.

Toronto Transit Commission's 5-Year Service Plan and 10-Year Outlook provided a five-year horizon for implementation of surface transit priority on the identified corridors. The Toronto Transit Commission Board adopted a Member Motion at its June 17, 2020 meeting requesting accelerated installation of surface transit priority measures on the corridors.

Eglinton East emerged as the top candidate for the accelerated installation of priority bus lanes based on an assessment of a number of factors including improvement to transit reliability, available right-of-way and considerations for transportation equity and inclusion of Neighbourhood Improvement Areas. Implementation of the priority bus lane on the Eglinton East corridor is expected in Fall 2020.

Jane Street was the next candidate and following further development work staff will report later this year with an expectation that Jane Street will move to implementation in Spring 2021. The four remaining corridors will be prioritized through the emerging Surface Transit Network Implementation Study, expected to report in the fourth quarter of 2020.

1a Bus Lane Implementation Plan - Toronto Transit Commission Board

Origin

(July 15, 2020) Letter from the Toronto Transit Commission Board

Summary

At its meeting on July 14, 2020, the Toronto Transit Commission Board considered the attached report titled "Bus Lane Implementation Plan".

The Board adopted the recommendations in the report as follows:

It is recommended that the Toronto Transit Commission Board:

1. Approve the recommended prioritization of the five priority bus corridors
 - a. Priority A - Eglinton East
 - b. Priority B - Jane Street
 - c. Priority C - Dufferin Street, Finch East and Steeles Avenue West

2. Approve the creation of a new capital project entitled Bus Lane Implementation at a cost of \$7.628 million with funding to be reallocated from the following capital projects:
 - a. \$6.98 million from the Toronto Transit Commission's 2020 Capital Budget Subway Asbestos Removal Program (IO 6068);
 - b. \$400,000 from the Construct BRT Lines on the Avenues – EA capital project (IO 6362); and
 - c. \$250,000 from the Opportunity to Improve Transit Services capital project. (IO6713)
3. Direct staff to report back in December 2020 on results of community consultations, a detailed design, implementation plan and capital costs for Jane Street.
4. Direct staff to forward this report to the City of Toronto and specifically, the City Clerk, the General Manager of Transportation Services Division and the Chief Planner and Executive Director, City Planning.

Decision Advice and Other Information:

The Toronto Transit Commission Board also adopted the following member motions:

1. That the Toronto Transit Commission request that the City of Toronto work with local Scarborough agencies to identify and employ local youth from the Neighbourhood Improvement Areas to paint the required lines for the Bus Lane Implementation Plan along the Eglinton East corridor.
2. That the Toronto Transit Commission Board request the City of Toronto Office of Recovery and Restart to advocate for provincial and federal funding to accelerate implementation of the Bus Lane Implementation Plan, in conjunction with the work being done by Toronto Transit Commission for emergency relief funding with the federal and provincial governments.
3. That the Toronto Transit Commission Board request the Chief Executive Officer to report back on the operating cost impacts of service reliability delays by route for all five bus priority corridors for the Board's September 24, 2020 meeting.
4. That the Toronto Transit Commission Board request the Chief Executive Officer to work in partnership with the General Manager, Transportation Services, City of Toronto to accelerate transit priority measures on all five bus priority corridors and integrate this direction into the Surface Transit Network Implementation Study.
5. That the Toronto Transit Commission Board request the Chief Executive Officer to continue acceleration of transit priority measures on the four remaining transit priority corridors (Jane, Steeles West, Finch East and Dufferin) and target installation for Priority B and Priority C corridors in 2021 with a report back on status in the fourth quarter of 2020.
6. That the Sheppard Avenue East study for bus enhancements, including the possibility of dedicated lanes between the Sheppard Subway and Agincourt GO Station (requested by the Board in its February 2020 meeting), be brought into alignment with the projects referred to as Priority C and reported back at the same time.

The recommendations of the Toronto Transit Commission Board as set out above are submitted for City Council approval through the Executive Committee.
