

## **Establishment of a Joint Working Group on Motor-Assisted Micro-Mobility Devices**

### **TTC Board Decision**

---

The TTC Board on January 25, 2024, adopted the following:

That the TTC Board direct staff, in consultation with City of Toronto Municipal Licensing and Standards, Toronto Fire Services, Toronto Professional Firefighters Association, and TTC Unions and a representative from CycleTO to review and report back on regulations implemented in comparable jurisdictions in Canada and internationally with recommendations on protecting fire safety on public transit in relation to customers' motor-assisted micro-mobility devices, including e-bikes.
