## **Comments**

---

As at December 31, 2017, the TTC's monthly automobile claims and operating expenses are approximately \$3.1 million. The amount presently advanced by TCTI is \$3.1 million (1st quarter 2017). Staff continues to monitor this amount quarterly and will adjust as necessary. The advance from TCTI, along with the initial \$100,000 capital investment from the TCTI, is currently \$3.2M and is not required for any cash disbursements as all operating expenses are in practice paid directly by the TTC.

Since this cash is surplus to TTCICL's operating needs, these funds are held in an interest bearing account at the TTC's bank.
